Since 2011, however, also papers in IEEE Information Visualization show such an increase of evaluations of work practices and analysis as well as reasoning using visual tools. Further, we found that generally the studies reporting requirements analyses and domain-specific work practices are too informally reported which hinders cross-comparison and lowers external validity.

IEEE Xplore

As a new feature for 2013, papers accepted to IEEE VAST will appear in a special issue (Dec 2013) of the IEEE Transactions on Visualization and Computer Graphics (TVCG). This special issue will be published online the first day of the conference. Papers (including supplemental material) will undergo a revision and review cycle after initial notification of review results in order to ensure that they are acceptable for publication and presentation in the journal.

This paper presents a mathematical morphology based boundary protection scheme for the detection of close-in and remote-end faults that occur on six phase transmission line . A 400 kV, 50 Hz six phase transmission line of 200 km length has been simulated using MATLAB In this paper, an optimal wavelet operated single index-based relay is proposed for power transmission line protection.

Graduate Aptitude Test in Engineering (GATE) is an online exam on the comprehensive understanding of the candidates in various subjects of Engineering and Science. It's good to practice Gate previous papers of EEE because that gives you some good idea about the type of questions and pattern of the paper. Until 2013 GATE exam was held offline, from 2014 GATE has become completely online.
