Abusing Science The Case Against Creationism: Philip ...

Creationists hope to persuade the public that education in science should be torn apart to make room for a literal reading of Genesis. Abusing Science refutes the popular complaint that the scientific establishment is dogmatic and intolerant, denying "academic freedom" to the unorthodox. It examines Creationist claims seriously and systematically, one by one, showing clearly just why they are at best misguided, at worst ludicrous.

C. S. Lewis issued a prophetic warning against the dangers of the abuse of science in his novel That Hideous Strength. Learn about the relevance of Lewis's novel for today in this video commemorating its 75th anniversary: The novel was published originally on August 16, 1945.

A Prophetic Warning Against the Abuse of Science ...

"Abusing Science: The Case Against Creationism" is essentially an overview of the major elements of the controversy and a well-researched, ably-organized, and effectively argued polemic that will be helpful to those accepting the concept of evolution, even as it points up the myriad weaknesses of the concept of creationism.
