For Module 14, the students completed Experiment 14.1: Leaf Collection & Identification, at home. I did give them some creative leeway on this one; they could use the instructions in the book or be a little more creative. (The thought of doing the whole leaf and waxed paper thing was a bit too Kindergarten for us!)

This isn't optional, and Apologia's award-winning homeschool high school biology course is designed to meet this requirement. Throughout their academic school year, students will conduct controlled experiments where they observe a problem, ask a question, formulate a testable hypothesis, and then conduct the experiment and analyze the data to see if their results support their hypothesis.
