Australian Residential Property Development: A Step by ...

When it comes to property development, the bank will lend you approximately 70% of the value of the land and 70% of the value of the construction costs. In other words, you'll need a lot more of your own money (or equity) toward a development versus to a property you wish to buy and hold for the long term. See also: What is LVR?

Property Development involves a wide range of activities and processes from purchasing land, building and developing high rise apartment buildings and everything in between.

---

Property Development Process Visualised

The basic principle of property development is to enhance the use of a piece of land to generate money. This usually means building new or additional dwellings on the block for rent or sale, but can also involve simply subdividing the site into smaller blocks, and acquiring council approval for new buildings.
