This voicemail service provides greater capacity and call handling customisability over the Embedded Voicemail. The application requires various licenses entered into the IP Office configuration to control the features it offers and the number of simultaneous connections (40).

Bookmark File PDF Avaya Ip Office Voicemail Pro

It also enables support for call recording, text-to-speech (TTS) and a range of other features.

Voicemail Pro - IP Office Knowledgebase
The Windows-based version of Voicemail Pro is not supported in IP Office Platform 11.1 Release 11.1. Existing customers

Bookmark File PDF Avaya Ip Office Voicemail Pro

want to upgrade to Release 11.1, need to migrate their systems to a IP Office Application Server or Unified Communications Module. oThe above means that the following features are no longer available:
