Master the Mechanical Aptitude & Spatial Relations Tests provides the key to test-prep success on exams measuring spatial relations, symbol reasoning, and mechanical aptitude for training and employment opportunities in the military, civil service, technical schools, and private industry. Featuring practice questions covering all major exam topics—including hidden figures, tool knowledge, and mechanical insight—with overviews of concepts that appear on mechanical aptitude/spatial relations exams, such as visual-motor coordination and pattern analysis. The book also includes detailed subject reviews, along with charts and diagrams to illustrate answers.
