This draft

Environmental

File Type PDF Betriebsstagebuch

Code is intended to bring together, unify, harmonise, develop and

update German environmental law.

The codification project takes up a transnational legal trend that has already led to the passing of similar legislation in a number of

environmental law.

The Commission's
draft applies the
principle of

sustainable
environmentally
sound

development and
establishes an
integrated cross-
media approach in
all areas of
environmental
legislation. One of

discussions about the harmonisation and codification of environmental law.

For this reason the introduction to the English version also contains

observations about the German legal system and existing environmental
