Beyond patronage: reconsidering models of practice ...

The "beyond aid" concept has been employed in various ways over many years, for example to mean the need for donor countries to line up all of their policies that impact on development prospects, the "policy coherence" agenda in other words. More recently it has been used to capture the widening range of external financing sources and instruments now available to developing countries, bringing in a new "age of choice" era.

The 'Beyond Aid' agenda – what, who and for whom? – ACET

Abraham Lincoln and His Cabinet The concept of friendship was never far from President Lincoln's notions of patronage and military appointments. But dispensing patronage was a very delicate balancing act in order not to turn friends into enemies. Mr. Lincoln...Read more ›

One such, written by Cardinal Giovanni Dominici in 1446, depicts patronage as an aid to salvation, suggesting that wives should only commission religious objet d'art for churches and works for the home that would instruct and education their children in moral behavior. Compliance with these recommendations, not surprisingly, seems spotty at best.
