Read Online Building Valve Amplifiers Jones Morgan 2000 Jones | download "...the book is a companion to the book Valve Amplifiers, 4th edition also by Morgan Jones and published by Newnes/Elsevier. This is a serious design book with details on audio circuit design, equations and related topics. A 4th

~~Building Valve Amplifiers Jones Morgan 2000~~

Building Valve Amplifiers is an indispensable book for an amateur learning to construct amplifiers on his/her own; it even includes examples of manufacturer design flaws and how they could have been avoided. The book presupposes no knowledge about electronic/electrical assembly at all and is an excellent introduction. Two cautions:
