In the practice of karate, throughout the world and all levels, there is one sure constant - the Kata. These formal sequences of karate techniques form the basis of all proper practice, and their range in degree of difficulty means that they can be taught throughout a student's career. This new edition, which first appeared as two separate volumes, covers the first thirteen Shotokan Kata: Heian Shodan, Heian Nidan, Heian Sandan, Heian Yondan, Heian Godan, Tekki Shodan, Bassai-Dai, Empi, Sochin, Jion, Hangetsu and Nijushiho. Fully illustrated with photographs of each move, the accompanying text explains each sequence fully and clearly with a thorough investigation of the Kata's 'bunkai' or application. The authors concentrate not only on physical conditioning, but also on the correct mental and spiritual attitude. Treasured for centuries by karate's top masters, the Bubishi is a classic Chinese work on philosophy, strategy, medicine, and technique as they relate to the martial arts. Referred to as the "bible of karate" by famous master Chojun Miyagi, for hundreds of years the Bubishi was a secret text passed from master to student in China and later in Okinawa. All of karate's legendary masters have studied it, applied its teachings, or copied passages from it. No other classic work has had as dramatic an impact on the shaping and development of karate as the Bubishi. Karate historian and authority Patrick McCarthy spent over ten years researching and studying the Bubishi and the arts associated with it. The first English translation of this remarkable martial arts manual includes numerous explanations and notes. McCarthy's work also includes groundbreaking research on Okinawan and Chinese history, as well as the fighting and healing traditions that developed in those
