Targeting Mathematics series consists of nine textbooks; one for Primer and eight textbooks for classes 1 – 8. These books have been formulated strictly in accordance with the Continuous and Comprehensive Evaluation (CCE) approach of Central Board of Secondary Education (CBSE) and are based on the latest syllabus. The series also conforms to the guidelines of National Curriculum Framework 2005. The books have been written by experienced and renowned authors.

Throughout the world, teaching is looked at as one of the most respected and noble profession a person could have. A great teacher not only shows the right path that a student should follow but also prepares the human resources for the further development of the nation. Among various exams CTET is the most popular teaching exam in the country. Central Teaching Eligibility Test (CTET) is a national level test conducted by CBSE twice a year to recruit the eligible candidates as teacher. The exam is conducted into 2 papers: Paper 1 for class 1-5 and Paper 2 for class 6-8. Any candidate who is interested to become a teacher for classes 6 to 8 then they have to appear for both the papers. The new the edition of Study Guide ' Success Master CTET Mathematics and Science Paper – II ' has been prepared completely on the latest exam pattern. The book has been divided into 5 key sections and further divided into chapters providing the focused study material. After covering theoretical part this book also concentrates on the practice part, it provides Previous Years ' Solved Paper, 2 practice sets and more than 3000 MCQs for thorough practice. Ample numbers of questions have been given which are covered in a Chapterwise manner that allows candidates to understand the trend of the questions as well as the exam. This book will prove to be highly useful for the CTET Paper 2 exam as it will help in achieving the good rank in the exam. TABLE OF CONTENT Solved Paper 2019 (December), Solved Paper 2019 (July), Solved Paper 2018 (December), Solved Paper 2016 (September), Child Development and Pedagogy, English Language and Pedagogy, Hindi Bhasha evm Shiksha Shastra, Mathematics and Pedagogy, Science and Pedagogy, Practice Sets (1-2).

TOC Solved Paper 2021 (January), Solved Paper 2019 (December), Solved Paper 2019 (July), Solved Paper 2018 (December), Solved Paper 2016 (September), Child Development and Pedagogy, English Language and Pedagogy, Hindi Bhasha evm Shiksha-shastra, Mathematics and Pedagogy, Science and Pedagogy, Practice Sets (1-2).

The chapters in this volume allow readers to develop a broad understanding of the issues around language variation and to recognise pedagogical implications of this work in multilingual contexts. The authors explore how variations in Englishes around the world relate to issues in English language teaching and learning. The English language has always existed alongside other languages. However, the last 200 years have shown a dramatic increase in the range, extent and context of contact between English and other languages. As a result of this contact, we find marked variations in Englishes around the world. The first part includes chapters of importance in studying English language variation in the context of education. The second part builds on an understanding of variation and identifies pedagogical possibilities that respect language variation and yet empower English language learners in diverse contexts.

Composite Mathematics is a series of books for Pre Primer to Class 8 which conforms to the latest CBSE curriculum. The main aim of writing this series is to help the children understand difficult mathematical concepts in a simple manner in easy language.

The Workbook series as the name suggests has been designed by Arihant with an aim of helping students practice the concepts using hundreds of practice questions of all types which have been or may be asked in the upcoming CBSE Examinations. . It is a practice book aimed at mastering the concepts and acquiring comprehensive knowledge about the varied types of questions asked in CBSE Class 8th Mathematics Examination. The present workbook for CBSE Class 8th Mathematics Examination has been divided into 16 chapters namely Rational Numbers, Linear Equations in One Variable, Understanding Quadrilaterals, Practical Geometry, Data Handling, Squares & Square Roots, Cubes & Cube Roots, Comparing Quantities, Algebraic Expressions & Identities, Visualising Solid Shapes, Mensuration, Exponents& Powers, Direct & Inverse Proportions, Factorisation, Introduction to Graphs and Playing with Numbers, each containing ample number of practice questions which have been designed on the lines of questions asked in previous years' CBSE Class 8th Mathematics Examination. The book contains hundreds of practice questions like MCQs, True-False, Matching, Fill-Up, VSA, SA, LA, etc. All the questions covered in the book are strictly based on NCERT. The varied types of practice questions will make sure that the students get an insight into the kind of questions asked in the CBSE Class 8th Mathematics Examination. This book is a proven tool to help students score high in the upcoming CBSE Class 8th Mathematics Examination. As the book contains ample number of examination pattern based practice questions, it for sure will act as perfect practice workbook for the upcoming CBSE Class 8th Mathematics Examination.

Learning Mathematics - Class 8 has been written by Prof. M.L. Aggarwal in accordance with the latest syllabus of the NCERT and Guidelines issued by the CBSE on Comprehensive and Continuous Evaluation (CCE). The subject matter has been explained in a simple language and includes many examples from real life situations. Questions in the form of Fill in the Blanks, True/False statements and Multiple Choice Questions have been given under the heading ' Mental Maths ' . Some Value Based Questions have also been included to impart values among students. In addition to normal questions, some Higher Order Thinking Skills (HOTS) questions have been given to enhance the analytical thinking of the students. Each chapter is followed by a Summary which recapitulates the new terms, concepts and results.
