Ballard creates a modern Crusoe-dystopia which is remarkable for its remorseless attention to physical detail and the gradual mental deterioration of Maitland, the crashed man.

As in all Ballard's best work 'Concrete Island' provides an unnerving study of our modern lives and world. With his alienating, 'Ballardian' view of normal events, this is a unique novel from one of the twentieth century's finest writers.

This remark by J. G. Ballard, who has a claim to being one of the most important English writers of the second half of the twentieth century, strikes at the heart of what drives his fiction. And although it's not his most famous book, for me the
