Gender Swap : A Forced Feminization, Transgender Story When chauvinistic Alex walks into a bar, seeing a potential 'conquest' sitting at the bar, he smiles to himself. What he doesn't know is the beautiful woman sipping wine and watching the news on the suspended television set is the formidable 'Anita Grey' the sociopathic dominatrix with a penchant for forcibly feminizing men through various different means. After a brief conversation confirms Anita's initial assessment that Alex needs to be taught a

lesson, he unwittingly becomes a guinea pig in a sinister experiment, testing a new drug, so powerful it can transform a biological male into a biological female overnight. Distraught, to find himself waking up in a female body Alex struggles to cope and to accept his fate. Not completely without compassion, Anita after subjecting her test subject to a variety of humiliating medical procedures to make sure his transition has gone smoothly, begins helping to guide, counsel and reassure him, helping him to embrace his femininity and counselling him over the loss of his male sexual organs. When Alex finds out there is no way back, he goes on a self-destructive rampage, almost leading to him becoming a victim of 'date-rape'. When Anita hears about this ill-treatment of her latest 'test-subject', she sets out to wield the sort of life-changing revenge only she can... *Warning this 29,000 word novella contains depictions of forced gender change, graphic medical procedures and various fetish elements. Over the course of several days the professor is forced to do uniformed domestic service, and give her beautiful new owner personal services too, all while in strict denial and being forced to desperately suppress her own arousal. When Mariella asks her repeatedly if she wishes to become her property permanently, her permanent, frustrated and denied, chaste sex slave - Jacqueline is so, so tempted... She almost agrees. Eventually Mariella releases Jacqueline from her chastity devices and service, and Jacqueline, the natural switch, decides she has to experience the other side of this relationship, and who better to dominate than her favorite two 'test subjects' Simon and Celeste? Whom she'd spent the previous two semesters caning and forcing to orgasm? It was shortly after they were married. Diane began to suspect that her husband Stephen was a crossdresser who was wearing her clothes. Well, if he had a secret, he would no doubt deny it. She decided to document his secret escapades first. If he wanted to dress as a girl, he should have sex as a girl. But given his being secretly recorded in her pretty pink bridal nightgown, it gave Diane an idea. Her husband had some traditional ideas. So his 1st time being made to have sex as a girl should be special. Special occasions should have a special dress. What better than a long formal feminine bridal gown for her husband to wear before his 1st time? So Diane developed an elaborate plan to force feminize her husband, publically expose him dressed as a girl, and then prepare him for his bridal gown. Warning: Don't let your wife or girlfriend learn of Diane's plan because it was perfect. Stephen truly had no option but to be dressed in public as a girl to begin the day, You also will wind up

having no choice either if anybody does to you what Diane did to Stephen. Brides need to have their makeup done. They need to have help dressing in their bridal gown. They need to have bridesmaid and maids of honor. They need to have their pictures taken. They need to have a new name. All of this prior to the formal presentation and introduction to their spouse. Diane was going to make sure Stephen got the full complete total treatment. Then, of course, the bridal night. The "mythical" first time she has sex. Well, Stephen was going to get the full treatment here also. Punishment enema, plus punishment oral sex, punishment anal sex, forced consumption, bondage, whips, and cock torture. But the psychological punishment would be equally as bad with suggestions and elements of cuckolding and forced-bi to demean and shame her husband. As the evening progressed, Diane and her family learned even more of Stephen's secrets. Diane already had a plan to make Stephen's mother an unwilling participant in the bridal weekend. But, now, those plans would change. His mother would have a much more expanded and permanent role. Stephen's crossdressing was always a family affair from the very beginning. Now, it would be a much larger family affair. It was time to complete what had been started years before he met Diane. Of course, your author on her cover image is wearing a dress that matches the story.
