Deprival value is a

concept used in

Access Free Deprival Value

accounting theory to determine the appropriate measurement basis for assets. It is an alternative to historical cost and fair value or mark to market accounting. Some writers prefer terms such as 'value to the owner' or 'value to the firm'. Deprival value is also

Access Free Deprival Value

sometimes advocated for liabilities, in which case another term such as 'Relief value' may be used. The deprival value of an asset is the extent to which the entity is "better off" because it holds th

Deprival value vs. fair value measurement for contract ...

(1) In the case of Deprival Value, situations in which net realisable value exceeds replacement cost imply that there is a profitable redevelopment or

Access Free Deprival Value

redeployment opportunity, so that net realisable value is regarded as the appropriate measure of Deprival Value. (2)
In the case of Fair Value, transactions costs (including installation and removal costs) are added to acquisition values and deducted from disposal values.
