An upbeat cultural evaluation of the sources of illogical decisions explores the reasons why irrational thought often overcomes level-headed practices, offering insight into the structural patterns that cause people to make the same mistakes repeatedly. 150,000 first printing.

Do you have the mindset for financial success? How would you like to learn to succeed in all aspects of your life? Think and Grow Rich is one of the most influential and acclaimed books on success ever published. More than just positive thinking, Napoleon Hill's philosophy is a tried and tested technique that can propel you to success. In 13 clear, simple steps, Hill explains his "law of success" which is the cornerstone for harnessing your potential and growing your wealth. Central to this program is the idea that desire, faith, and persistence can propel you to great heights if you can suppress negative thoughts and focus on your long-term goals. This classic edition contains the original and unabridged text as well as an author preface. See for yourself why this perennial bestseller remains so popular eighty years after it was first published.

"In Applied Emblems in the Cathedral of Lugo, Carme López Calderón deals with the emblematic programme found in the Chapel of Nuestra Señora de los Ojos Grandes (Galicia, Spain), consisting of 58 emblems painted c.1735. Making use of a wide range of printed sources, Carme López Calderón delves into the meaning of each emblem and provides an all-encompassing interpretation of this cycle, which can rightly be described as the richest and most complete programme of Marian applied emblematics in the Iberian Peninsula"--

In this fascinating book, Gary Renard and his Ascended Master Teachers, Arten and Pursah, teach you how to integrate advanced spiritual principles into your everyday life. Doing so leads beyond theory to an experience of the Divine and the undoing of the ego. Your progress will be accelerated to such a degree that, with continued practice, you can't help but stop the need to reincarnate . . . once and for all. Like Gary's first book, The Disappearance of the Universe, this work elaborates on the teachings of two spiritual classics, The Gospel of Thomas and A Course in Miracles. By focusing on a unique brand of quantum forgiveness, rather than the old-fashioned kind, and taking the understanding of the importance of thought up to a whole new level, your goal will become nothing less than to break the cycle of birth and death.

Bonded-leather with over 70 breathtaking images and gift box 50% discount.

A revised and amplified edition, with a new introduction, of the three books "Broadcast Talks," "Christian Behaviour," and "Beyond Personality" by the acclaimed author of "The Chronicles of Narnia."

Offers ecumenical meditations on love, perception, forgiveness, eternal life, and theoretical concepts in theology

A PDF version of this book is available for free in open access via the OAPEN Library platform, [www.oapen.org](http://www.oapen.org) . Cyborgs in Latin America explores the ways cultural expression in Latin America has grappled with the changing relationships between technology and human identity.

Pellucid Paper is an interdisciplinary study of the materiality of Early Modern poetry and its relation to political power, memory and subject constitution. Informed by German Media theory and specifically the more recent developments of Cultural Techniques, Wickberg offers a fresh and imaginative take on Early Modern culture.

A Jungian analyst explores the feminine psyche through stories of "wild women"--the mythological archetype of the strong, primitive woman
