The garden has variety of vegetables like tomatoes, eggplants, green beans, cabbage, among others. The garden is being maintained by five parents of the school under its adopt-a-school Gulayan. During harvest season, 50 percent of the harvested vegetables in the garden was allotted for the five parents in order for them to also have an income, while the other half was set aside for the ...

Vegetables-for-modules program implemented in Sagay City...

With borders closed, a severe shortage of people to pick fruit and vegetables could create serious shortages and high prices this summer. Politicians, growers and media personalities have all sounded off about it in the media - but the people who actually do the work are almost entirely absent in coverage of a problem brewing long before Covid-19.
