Divorce your Car! Ending the Love Affair with the Automobile is a 2000 non-fiction book that was written by Katie Alvord and features a foreword written by Stephanie Mills. It was first published on June 1, 2000 through New Society Publishers. In the book Alvord proposes that automobiles have become more troublesome than helpful, as she argues that automobiles contribute to issues like noise and air pollution as well as traffic congestion and urban sprawl.
