However, when you build a character using the **Dynamic Character Matrix** (or DCM for short), you will build in several layers of nuances that will impact your performances incredibly. There are 4 ways that character traits and choices can be added to layer your performance, and each of the 4 ways will impact the trait itself.

**How to Create Dynamic Characters and Become a World Class**...

One of the best ways to transform a protagonist from a cardboard cutout to a dynamic person is to make them complicated. Characters should have flaws. They should have something that they are struggling with and something they are struggling to attain. They should be down to earth in some ways and larger-than-life in others.

**How to create complex, dynamic characters in fiction**—The...

If there 's one secret to crafting dynamic characters who readers will remember it 's this: Connection. The job of a fiction writer is not just to create interesting, compelling, and unique characters, but to weave those characters into the prose in a way that engages readers and connects them to the story.

**Crafting Dynamic Characters**—**Jessica Brody**

The art of creating a dynamic character in a story completely depends on the skill of an author. The story must be analyzed thoroughly. The nature of the character must be known. Various plots that can change a character 's mindset are created.

**The art of creating dynamic characters**—**Ernest writes**

**Dynamic characters have enemies.** You should be able to identify your character 's adversary. Maybe it 's another character, or natural elements (the sea or wilderness), or perhaps it 's less concrete, like a character who struggles against memory or mental illness. Good adversaries create room for conflict, and conflict is how your character grows.
