Are you ready to break out of the lesson-and-worksheet rut? Use The EduProtocol Field Guide to create engaging and effective instruction, build culture, and deliver content to K-12 students in a supportive, creative environment.

Mr. Hood's Holiday House has stood for a thousand years, welcoming countless children into its embrace. It is a place of miracles, a blissful rounds of treats and seasons, where every childhood whim may be satisfied... There is a price to be paid, of course, but young Harvey Swick, bored with his life and beguiled by Mr. Hood's wonders, does not stop to consider the consequences. It is only when the House shows it's darker face -- when Harvey discovers the pitiful creatures that dwell in its shadows -- that he comes to doubt Mr. Hood's philanthropy. The House and its mysterious architect are not about to release their captive without a battle, however. Mr. Hood has ambitious for his new guest, for Harvey's soul burns brighter than any soul he has encountered in a thousand years...

Includes decisions of the District of Columbia Court of Appeals, 1902-1934, the United States Court of Appeals for the District of Columbia Circuit, 1934-1959, and various other courts of the District of Columbia.

Since its first edition in 2003, the XML Database Symposium series (XSym) has been a forum for academics, practitioners, users and vendors, allowing all to discuss the use of and synergy between database management systems and XML. The previous symposia have provided opportunities for timely discussions on a broad range of topics pertaining to the theory and practice of XML data management and its applications. XSym 2009 continued this XSym tradition with a program consisting of 15 papers and a keynote shared with the 12th International Symposium on Database Programming Languages (DBPL 2009). We received 26 paper submissions, out of which eight papers were accepted as full papers, and seven as short/demo papers. Each submitted paper underwent a rigorous and careful review by four referees for long papers and three for the short ones. The contributions in these proceedings are a fine sample of the very best current - search in XML query processing, including full text, keyword and loosely structured queries, stream querying and joins, and materialized views. Among new theoretical advances we included work on a lambda-calculus model of XML and XPath, on m-ping from the enhanced entity-relationship conceptual model to the W3C XML Schema Language, on transactions, and extensions to XPath. Finally, work on data parallel algorithms, compression, and practical aspects of XQuery, including query forms and the use of Prolog are also part of this volume.

What it really means to " read closely " Call it close reading, call it deep reading, call it analytic reading--call it what you like. The point is, it ' s a level of understanding that students of any age can achieve with the right kind of instruction. In Rigorous Reading, Nancy Frey and Doug Fisher articulate an instructional plan so clearly, and so squarely built on research, that teachers, schools, and districts need look no further: Purpose & Modeling Close & Scaffolded Reading Instruction Collaborative Conversations An Independent Reading Staircase Performance

Getting Ready for the 4th Grade Assessment Test: Help Improve Your Child ' s Math and English Skills -- Many parents are expressing a demand for books that will help their children succeed and excel on the fourth grade assessment tests in math and English -- especially in areas where children have limited access to computers. This book will help students practice basic math concepts, i.e., number sense and applications as well as more difficult math, such as patterns, functions, and algebra. English skills will include practice in reading comprehension, writing, and vocabulary. Rubrics are included for self-evaluation.
