Thinking of getting a Japanese-style tattoo? Want to avoid a permanent mistake? Japanese Tattoos is an insider's look at the world of Japanese irezumi (tattoos). Japanese Tattoos explains the imagery featured in Japanese tattoos so that readers can avoid getting ink they don't understand or, worse, that they'll regret. This photo-heavy book will also trace the history of Japanese tattooing, putting the iconography and kanji symbols in their proper context so readers will be better informed as to what they mean and have a deeper understanding of irezumi. Tattoos featured will range from traditional tebori (hand-poked) and kanji tattoos to anime-inspired and modern works—as well as everything in between. For the first time, Japanese tattooing will be put together in a visually attractive, informative, and authoritative way. Along with the 350+ photos of tattoos, Japanese Tattoos will also feature interviews with Japanese tattoo artists on a variety of topics. What's more, there will be interviews with clients, who are typically overlooked in similar books, allowing them to discuss what their Japanese tattoos mean to them. Those who read this informative tattoo guide will be more knowledgeable about Japanese tattoos should they want to get inked or if they are simply interested in Japanese art and culture.

Originally published in 1962, when Lefebvre was beginning his career as a lecturer in sociology at the University of Strasbourg, it established his position in the vanguard of a movement which was to culminate in the events of May 1968. A classic analysis of the modern world using Marxist dialectic, it is a book which supersedes the conventional divisions between academic disciplines. With dazzling skill, Lefebvre moves from philosophy to sociology, from literature to history, to present a profound analysis of the social, political and cultural forces at work in France and the world in the aftermath of Stalin's death—an analysis in which the contours of our own "postmodernity" appear with startling clarity.

Tattoos as art, work, decoration and defiance.

A small dolphin on the ankle, a black line on the lower back, a flower on the hip, or a child's name on the shoulder blade—among the women who make up the twenty percent of all adults in the USA who have tattoos, these are by far the most popular choices. Tattoos like these are cute, small, and can be easily hidden, and they fit right in with society's preconceived notions about what is 'gender appropriate' for women. But what about women who are heavily tattooed? Or women who visibly wear imagery, like skulls, that can be perceived as masculine or ugly when inked on their skin? Drawing on autoethnography, and extensive interviews with heavily tattooed women, Covered in Ink provides insight into the increasingly visible subculture of women with tattoos. Author Beverly Thompson visits tattoos parlors, talking to female tattoo artists and the women they ink, and she attends tattoo conventions and Miss Tattoo pageants where heavily tattooed women congregate to share their mutual love for the art form. Along the way, she brings to life women's love of ink, their very personal choices of tattoo art, and the meaning tattooing has come to carry in their lives, as well as their struggles with gender norms, employment discrimination, and family rejection. Thompson finds that, despite the stigma and social opposition heavily tattooed women face, many feel empowered by their tattoos and strongly believe they are creating a space for self-expression that also presents a positive body image. A riveting and unique study, Covered in Ink provides important insight into the often unseen world of women and tattooing. Instructor's Guide

Time for a new tattoo? The easy-to-follow, step-by-step instructions and gorgeous photo graphs in DIY Henna Tattoos make learning henna art simple and fun. In no time, you will master the basic techniques and designs, including: • Flowers • Leaves • Swirls • Vines • Paisleys • Netting • Petals • Mandalas • Lines and dots Whether you want to sport something quick and simple or decorate a large area, you can easily choose how much of your skin to adorn with these stylish motifs. Tattoo artist Megan Massacre presents a beautiful collection of her best work, with instructive how-to and inspiration for both professional tattoo artists as well as tattoo aficionados. With a personal behind-the-scenes peek into the making of a tattoo, from concept to execution, plus fan favorite tattoos and tattoo cover-ups, this approachable, full-color paperback will feature everything Massacre has learned over the years. Part idea sourcebook, part tattoo opus, this is an art book that tattoo fans will be eager to read and display.

From Words to Grammar is a different introduction to grammar for students. Taking a word-based approach to grammar, this innovative book introduces the subject through the analysis of over a hundred of the most commonly used English words. Each unit focuses on a different word class, using an analysis of specific words which includes: an introduction to the grammar of each word; examples of real world usage featuring that word; exercises with answers. This unique approach not only introduces students to grammar but also provides them with an understanding of how grammar works in everyday English. Written by an experienced teacher and author, From Words to Grammar is ideal for all students of English Language.
