JOURNAL

BESTSELLER ONE
OF THE

WASHINGTON
POST'S 10 BEST
BOOKS OF 2015

One of the world's
leading authorities
on global security,
Marc Goodman
takes readers deep
into the digital

Download Free Extreme

underground to
expose the
alarming ways
criminals,
corporations, and
even countries are
using new and
emerging
technologies
against you—and
how this makes
everyone more
vulnerable than
ever imagined.

Download Free Extreme

Technological advances have benefited our world in immeasurable ways, but there is an ominous flip side: our technology can be turned against us. Hackers can activate baby monitors to spy on families, thieves are analyzing social

Download Free Extreme

media posts to plot home invasions, and stalkers are exploiting the GPS on smart phones to track their victims' every move. We all know today's criminals can steal identities, drain online bank accounts, and wipe out computer servers, but that's

Download Free Extreme

Just the beginning.
To date, no computer has been created that could not be hacked—a sobering fact given our radical dependence on these machines for everything from our nation's power grid to air traffic control to financial services. Yet, as

Download Free Extreme

ubiquitous as
technology seems
today, just over the
horizon is a tidal
wave of scientific
progress that will
leave our heads
spinning. If today's
Internet is the size
of a golf ball,
tomorrow's will be
the size of the sun.
Welcome to the
Internet of Things,

Download Free Extreme

Prejudice By
Susan Lindauer

a living, breathing, global information grid where every physical object will be online. But with greater connections come greater risks. Implantable medical devices such as pacemakers can be hacked to deliver a lethal jolt of

Download Free Extreme

electricity and a car's brakes can be disabled at high speed from miles away. Meanwhile, 3-D printers can produce AK-47s, bioterrorists can download the recipe for Spanish flu, and cartels are using fleets of drones to ferry drugs across

Download Free Extreme

borders. With explosive insights based upon a career in law enforcement and counterterrorism, Marc Goodman takes readers on a vivid journey through the darkest recesses of the Internet. Reading like science fiction, but

Download Free Extreme

based in science
fact, Future Crimes
Susan Lindauer
explores how bad
actors are primed
to hijack the
technologies of
tomorrow,
including robotics,
synthetic biology,
nanotechnology,
virtual reality, and
artificial
intelligence. These
fields hold the

Download Free Extreme

power to create a world of unprecedented abundance and prosperity. But the technological bedrock upon which we are building our common future is deeply unstable and, like a house of cards, can come crashing down at

Download Free Extreme

any moment.
Future Crimes
Susan Lindauer
provides a mind-
blowing glimpse
into the dark side
of technological
innovation and the
unintended
consequences of
our connected
world. Goodman
offers a way out
with clear steps we
must take to

Download Free Extreme

Survive the

before us.

Provocative,
thrilling, and
ultimately
empowering,
Future Crimes will
serve as an urgent
call to action that
shows how we can
take back control
over our own
devices and

Download Free Extreme

harness
technology's
tremendous power
for the betterment
of
humanity—before
it's too late.

How propaganda
undermines
democracy and
why we need to
pay attention Our
democracy today is

Download Free Extreme

fraught with
political
campaigns,
Susan Lindauer

lobbyists, liberal
media, and Fox
News

commentators, all
using language to
influence the way
we think and
reason about
public issues. Even
so, many of us
believe that

Download Free Extreme

propaganda and manipulation aren't problems for us—not in the way they were for the totalitarian societies of the mid-twentieth century. In *How Propaganda Works*, Jason Stanley demonstrates that more attention needs to be paid.

Download Free Extreme

He examines how propaganda operates subtly, how it undermines democracy—particularly the ideals of democratic deliberation and equality—and how it has damaged democracies of the past. Focusing on the shortcomings of liberal

Download Free Extreme

democratic states,
Stanley provides a
historically
grounded
introduction to
democratic political
theory as a window
into the misuse of
democratic
vocabulary for
propaganda's
selfish purposes.
He lays out
historical

Download Free Extreme

examples, such as the restructuring of the US public school system at the turn of the twentieth century, to explore how the language of democracy is sometimes used to mask an undemocratic reality. Drawing from a range of

Download Free Extreme

Sources, including
feminist theory,
critical race theory,
epistemology,
formal semantics,
educational theory,
and social and
cognitive
psychology, he
explains how the
manipulative and
hypocritical
declaration of
flawed beliefs and

Download Free Extreme

ideologies arises from and perpetuates inequalities in society, such as the racial injustices that commonly occur in the United States. How Propaganda Works shows that an understanding of propaganda and its mechanisms is

Download Free Extreme

essential for the
preservation and
protection of liberal
democracies
everywhere.

In the sequel to the
explosive
bestseller *By Way
of Deception*, the
former Israeli agent
continues his
incredible story of
his career as a

Download Free Extreme

double agent and

Decades of
research have
demonstrated that
the parent-child
dyad and the
environment of the

Download Free Extreme

familyâ€™"which includes all primary caregiversâ€™"are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The

Download Free Extreme

Prejudice By
Susan Lindauer

impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment.

Download Free Extreme

Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For

Download Free Extreme

instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place

Download Free Extreme

in the context of
significant ongoing
developments.

These include: a
rapidly growing
body of science on
early childhood,
increases in
funding for
programs and
services for
families, changing
demographics of
the U.S. population,

Download Free Extreme

and greater
diversity of family
structure.
Susan Lindauer

Additionally,
parenting is
increasingly being
shaped by
technology and
increased access to
information about
parenting.

Parenting Matters

effective with

parents of young

Download Free Extreme

children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in

Download Free Extreme

effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to

Download Free Extreme

inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.

This is an ambitious, meticulous examination of how U.S. foreign policy

Download Free Extreme

Prejudice By
Susan Lindauer

since the 1960s
has led to partial or
total cover-ups of
past domestic
criminal acts,
including, perhaps,
the catastrophe of
9/11. Peter Dale
Scott, whose
previous books
have investigated
CIA involvement in
southeast Asia, the
drug wars, and the

Download Free Extreme

Kennedy assassination, here
Susan Lindauer
probes how the
policies of
presidents since
Nixon have
augmented the
tangled bases for
the 2001 terrorist
attack. Scott shows
how America's
expansion into the
world since World
War II has led to

Download Free Extreme

momentous secret decision making at high levels. He demonstrates how these decisions by small cliques are responsive to the agendas of private wealth at the expense of the public, of the democratic state, and of civil society. He shows how, in

Download Free Extreme

implementing
these agendas,
U.S. intelligence
agencies have
become involved
with terrorist
groups they once
backed and helped
create, including al
Qaeda.

Prophetic when
first published,
even more relevant

Download Free Extreme

now, Wedge is the classic, definitive story of the secret war America has waged against itself. Based on scores of interviews with former spies and thousands of declassified documents, Wedge reveals and re-creates -- battle by

Download Free Extreme

battle, bungle by
bungle -- the epic
Susan Lindauer
clash that has
made America
uniquely
vulnerable to its
enemies. For more
than six decades,
the opposed and
overlapping
missions of the FBI
and CIA -- and the
rival personalities
of cops and spies --

Download Free Extreme

Prejudice By
Susan Lindauer

have caused fistfights and turf tangles, breakdowns and cover-ups, public scandals and tragic deaths. A grand panorama of dramatic episodes, peopled by picaresque secret agents from Ian Fleming to Oliver North, Wedge is

Download Free Extreme

both a journey and
a warning. From
Pearl Harbor,
McCarthyism, and
the plots to kill
Castro through the
JFK assassination,
Watergate, and
Iran Contra down
to the Aldrich Ames
affair, Robert
Hanssen's
treachery, and the
hunt for Al Qaeda --

Download Free Extreme

Wedge shows the price America has paid for its failure to resolve the conflict between law enforcement and intelligence. Gripping and authoritative -- and updated with an important new epilogue, carrying the action through to September 11,

Download Free Extreme

2001 -- Wedge is the only book about the schism that has informed nearly every major blunder in American espionage.

From the left seat of a Boeing 767, American airline captain Philip Marshall exposes
