In Access 2010, you can export data to a PDF (Portable Document Format) or XPS (XML Paper Specification) file format for printing, posting, and e-mail distribution, provided that you first install the Publish as PDF or XPS add-in. Exporting a form, report, or datasheet to a .pdf or .xps file lets you capture information in an easy-to-distribute form that retains all your formatting characteristics, but doesn't require others to install Access on their computers to print or review your output.
