About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

A well-illustrated collection of Gustav Klimt's work, including text on the artist's life.

“A dauntingly ambitious, obsessively researched” (Los Angeles Times) global history of music that reveals how songs have shifted societies and sparked revolutions. Histories of music overwhelmingly suppress stories of the outsiders and rebels who created musical revolutions and instead celebrate the mainstream assimilators who borrowed innovations, diluted their impact, and disguised their sources. In *Music: A Subversive History*, Ted Gioia reclaims the story of music for the riffraff, insurgents, and provocateurs. Gioia tells a four-thousand-year history of music as a global source of power, change, and upheaval. He shows how outcasts, immigrants, slaves, and others at the margins of society have repeatedly served as trailblazers of musical expression, reinventing our most cherished songs from ancient times all the way to the jazz, reggae, and hip-hop sounds of the current day. *Music: A Subversive History* is essential reading for anyone interested in the meaning of music, from Sappho to the Sex Pistols to Spotify.

The prince of decadence: Looking at Klimt in a whole new light: a groundbreaking monograph The countless events being held to celebrate the 150th anniversary of his birth make a clear statement to the enduring appreciation for the work of Gustav Klimt. Not that it takes such a special occasion for the press and the public to start talking about Klimt. More than two hundred articles about the artist appeared online in August 2011 alone, in comparison with barely seventy on Rembrandt within the same period. This media publicity set editor Tobias G. Natter thinking about the value of compiling the present book. During his lifetime, Klimt was a controversial star whose works made passions run high; he stood for Modernism but he also embodied tradition. His pictures polarized and divided the art-loving world. Journalists and general public alike were split over the question: For or against Klimt? The present publication therefore places particular emphasis upon the voices of Klimt's contemporaries via a series of essays examining reactions to his work throughout his career. Subjects range from Klimt's portrayal of women to his adoption of landscape painting in the second half of his life. The cliché that Gustav Klimt was a man of few words who rarely put pen to paper is vehemently dispelled: no less than 179 letters, cards, writings and other documents are included in this monograph. This wealth of archival material, assembled here for the first time on such a scale, represents a major contribution to Klimt scholarship. Defining features of this edition: Catalog of Klimt's complete paintings All known letter correspondence Featuring new photographs of the Stoclet Frieze commissioned exclusively for this book Contributing authors: Evelyn Benesch, Marian Bisanz-Franken, Rainald Franz, Anette Freytag, Christoph Grunenberg, Hansjörg Krug, Susanna Partsch, Angelina Pötschner and Michaela Reichel

* Presents 'big murals' - giant works of street art, often with a political message, featuring various artists from all over the world Big murals - giant works of art covering entire house façades, often with a political message. In his book *Icons of Street Art*, photographer Michael Harker demonstrates the special power and meaning of this kind of street art with photos taken in Berlin, Lisbon, Paris and New York City. His large-format pictures present the art of various artists, with one focus on the works of Bordalo II. With his *Trash Animals*, the Portuguese artist draws attention to the subject of environmental pollution. His unique mix of upcycled sculptures and spray graffiti is in great demand at art fairs worldwide.
