Stephen Harrod Buhner And this I believe: that the free, exploring mind of the individual human is the most valuable thing in the world. And this I would fight for: the freedom of the mind to take any direction it wishes, undirected.

Stephen Harrod Buhner

In 1998, Stephen Harrod Buhner - a leading herbal practitioner and author - published the first edition of "Herbal Antibiotics" to great acclaim. Since then, health care providers have discovered many new resistant strains of bacteria, researchers have added to the growing body of knowledge about herbs, and the need for antivirals to treat emerging infections like SARS and West Nile Encephalitis has become urgent.
