History Writ Steel German Police

Welcome to my web site which serves as a supplement to my book History Writ in Steel – German Police Markings 1900-1936 . The book is based on almost five years of data collection and historical research of the German police during the first third of the last century. The markings they used to identify their property have long been a source of confusion for collectors of German weapons and other memorabilia from that era.

Markings always been a responsibility of the German states even after 1871 when the country was unified. The 1919 constitution of the Weimar Republic did provide for the possibility of creating a national police force, should the necessity arise, but it was only in the Nazi era that state police forces were unified under central control and a nationa
