In governance For example, the term international governance often refers to the pattern of rule found at the global level where the United Nations (UN) is too weak to resemble the kind of state that can impose its will on its territory. Likewise, the term corporate governance refers to patterns of...

International governance | Britannica

Program and courses International Law and Global Governance track. This program reflects how international legal order has been evolving structurally since 1945. What was once a singular and classical focus on inter-state (collective) security, can now be re-mapped as a three-pillar legal order roughly captured by the three categories: 1) International Law and International Relations; 2) Human Rights and Human Security; and 3) Global Sustainability and Environmental Law.

Program and courses International Law and Global ...

International law, also known as public international law and law of nations, is the set of rules, norms, and standards generally accepted in relations between nations. It establishes normative guidelines and a common conceptual framework to guide states across a broad range of domains, including war, diplomacy, trade, and human rights. International law aims at the practice of stable, consistent, and organized international relations.
