Windows, or Outbyte MacRepair for macOS to resolve common computer performance issues. Fix computer troubles by downloading the compatible tool for your device.

Error 79 - Inappropriate File Type or Format - Software Tested

PowerPoint uses three main file types: Presentation, Template, and Slide Show. For the most part, you can construct and deliver simple presentations without ever having to deal with the differences among these types of files. But before you can effectively use PowerPoint's advanced formatting options, you have to understand its file formats.
