The interaction between purpose, direction,  
and motivation create a variety of situations  
that require specific leader and follower  
behaviorsto accomplish the mission;  
therefore, the BE, KNOW, DO Leadership  
Framework can be applied to both leader and  
follower. The role of the leader and follower  
in a specific situa- tion is seen in Figure

Leadership: Theory, Application, & Skill Development 6th ...

Skills theory had grown from the flaws of the traits theory. The trait theory remained fixed on specific traits due to which it proved to be of no use when it came to developing leaders from the non-leaders. This theory highlights five important skills that are important characteristics of leadership. They include – competencies, individual attributes, leadership outcomes, career experiences and environmental influences. Skills theory thus showed leadership is not meant only for the gifted.

Theories of leadership: Skills Theory

The most practical leadership textbook on the market, LEADERSHIP 5e, uses a unique three-pronged approach to teach leadership concepts and theory, and takes students to the next level by developing their competencies in applying the concepts and development leadership skills they can immediately start using in their personal and professional lives.
