Masculinity And The New Imperialism
Book description. At the end of the nineteenth century, the zenith of its imperial chauvinism and jingoistic fervour, Britain's empire was bolstered by a surprising new ideal of manliness, one that seemed less English than foreign, less concerned with moral development than perpetual competition, less civilized than savage.

In the space of barely fifteen years, the history of masculinity has become an important dimension of social and cultural history. John Tosh has been in the forefront of the field since the beginning, having written *A Man's Place: Masculinity and the Middle-Class Home in Victorian England* (1999), and co-edited *Manful Assertions: Masculinities in Britainsince 1800* (1991).
