Mercury Racing Power And Propulsion Catalog

The massive torque and power output of the new 1750 is transferred to the water via Mercury Racing ' s Pro Finish 5 & 6-blade CNC sterndrive propellers. The 1750 comes equipped with a 95 amp charging system — providing an ample supply of power for an array of marine electronics. Contact your Mercury Racing Dealer for availability.

The new QC4v 1750 - Mercury Racing ' s most powerful engine ...

Mercury Racing extends its state-of-the-art dual fuel calibration technology to the popular 1350 sterndrive. Power output is controlled via interchangeable electronic key fobs at the dash. The engine pumps out its advertised one thousand three hundred and fifty horsepower on 91 octane fuel when the 1350 horsepower fob is engaged.

Sterndrives | Mercury Racing

This Is Mercury. Mercury Marine® has been making world-class outboards and sterndrives for more than 75 years. We started back in 1939 in a small machine shop in Wisconsin, and we've grown into the largest builder of marine propulsion systems in the world. Number one on the water. And we didn't get there by sitting still.

Heritage | Mercury Marine

We make premium, high performance marine propulsion systems. Our integrated solutions are what happens when you build the best, take it apart piece by piece, and spend day and night obsessing in pursuit of better.

Mercury Racing — Premium Marine Power

The new Mercury Racing 450R outboard has been designed for high-performance applications. The engine has a 4.6-litre V8 four-stroke powerhead boosted by a Mercury Racing supercharger to produce 450hp and 40% higher torque than the 400R.

Minimal weight achieved with Mercury Racing 450R

Range. 2.5 hp. 500 hp. 135 - 425 hp. We're Behind You. Discover the people behind the industry's best ownership experience: the detail-minded, quality-focused people of Mercury Marine®. Meet the Team.

Sterndrives & Inboards | Mercury Marine

The new Mercury Racing 450R outboard features a 4.6-litre V8 FourStroke powerhead with supercharger to produce 450 peak propshaft horsepower and 40 percent higher torque than the 400R. Claimed to be over 130kg lighter than the nearest competitor, the new 450R delivers industry leading power-to-weight ratio in a compact, efficient package.

Maritime Journal | New supercharged Mercury puts out 450hp

A 2008, 250 horse power, Mercury ProXS series engine. At present, Mercury product brands include Mercury, Mercury Racing, MerCruiser, and Mariner outboards (sold outside the U.S.). Outboard sizes range from 2.5 horsepower (1.9 kW) to 450 horsepower (340 kW).

Mercury Marine - Wikipedia

From our pioneering sterndrive propulsion introduced at the Chicago Boat Show more than a half-century ago to today ' s joystick controls that give boaters the confidence and ability to pilot the boat of their dreams even under extreme conditions, Mercury MerCruiser is the undisputed leader in marine power and technology.

Mercury® MerCruiser® | Mercury Marine

In some classes of boats, they aren ' t quite as efficient as inboards with stern-drive propulsion systems. Take for example the Sea Ray 240 Sundeck, which we tested with both a Mercury 350 MAG stern drive (inboard) and a 300 HP Verado outboard. At a 35 MPH cruise, the stern drive boat got 3.4 miles per gallon (MPG).

Marine Propulsion: Outboards Vs Inboards And Everything In ...

Mercury Racing's Optimax Diesel US outboard motor manufacturer Mercury has developed a diesel outboard that is rated at 175 hp making it one of the most powerful diesel outboards now available. The outboard has been developed by the Mercury Racing Division of the company and this launch makes Mercury the first of the major outboard manufacturers to develop a large diesel outboard.
