The Eighth Edition takes a new approach to modern macroeconomic theory with an earlier integration of international topics that gives an accurate picture of how theory is used to guide and evaluate macroeconomic policy. The microeconomics chapters include the latest research, and incorporate a unifying theme related to the tension between self- and social-interest.

There are many possible answers. There are many possible answers, including interactions involving government or international trade. Figure 3 shows a production possibilities frontier between milk and cookies (PPF 1). If a disease kills half of the economy's cow population, less milk production is possible, so the PPF shifts inward (PPF 2).
