“study of societal-environmental interactions”) and more broadly as the sociological investigation of environmental issues. It was born in a disciplinary context ...

Riley E. Dunlap Oklahoma State University

The New Ecological Paradigm (Dunlap, R. E., Van Liere, K. D., Mertig, A. G., & Jones, R. E., 2000) was used to establish ecological paradigms to determine the relationship between paradigms and advocacy for the environment. The main finding for this research is that both surfing and scuba diving lead to a spiritual experience for most participants. The relationship between previous research on ...
