Canado USD-PACING GUIDE (Algebra I) Page describes a relationship between two quantities.\* a. Determine an explicit expression, a recursive process, or steps for calculation from a context. rule or an explicit rule in

Canado Unified School District Algebra I  
Algebra I has two key ideas that are threads throughout the course. The first idea is that we can construct representations of relationships between two sets of quantities and that these representations, which we call functions, have common traits. The second idea is that we can use these relationships between the quantities, which we call variables, to use our knowledge of the value of one variable to predict or determine explicitly the value of the other variable.

Algebra I Units | Math  
NC Math 1 Pacing Guide. This pacing guide is the collaborative work of math teachers, coaches, and curriculum leaders from 38 NC public school districts. The teams worked through two facetoface meetings and digitally to compile the information presented. NC Math 1, 2, and 3 standards were used to draft possible units of study for these courses.
