*Children's nurse | Health Careers*

As a children's nurse (or paediatric nurse) you'll play a key role in assessing the nursing needs of the child, taking into account their medical, social, cultural and family circumstances. Being able to communicate appropriately is vital for this role and you'll need to show empathy and sensitivity when speaking with the children and their parents or carers.

Paediatric nursing is the medical care of neonates and children up to adolescence, usually in an in-patient hospital or day-clinic. Pediatrics comes from the Greek words 'paedia' which means child, 'iatrike' which means physician. 'Paediatrics' is the British/Australian spelling and 'pediatrics' is the United States spelling.
