How to Make a Life-Size Skeleton. First, you'll need a big sheet of paper (about 24" x 52"). You can glue/tape two sheets of poster paper together or use the backside of wrapping paper. Brown kraft paper would also work! We chose black, so that the bones would show up best. Next, you'll need to make an outline of the child's body.

One technique that is widely used with templates and patterns is stencils. Since the base is copy-pasting, it is possible to do this on a large skeleton template. Even though the skeleton template has a lot of detail, and of course it will make the copy-paste process difficult, you can still do it. This is because, with large sizes, the detail is not an obstacle. Of course, you can do collaborative stencils with the skeleton templates.
