## Read PDF Pictures Of The Mind What New Neuroscience Tells Us About Who We Are

Mind, though it falters slightly near the end, for the most part maintains the same high level of quality as Eye in discussing "intent" and "style." Especially interesting is the section on beauty and the sublime ("Dead Monsters"), which dips into classical aesthetic theory going back to Burke, Kant, and Addison. In a book geared for the practitioner, such theorizing can easily go too far, but ...
