More than 160 tales from eighty tribal groups gives us a rich and lively panorama of the Native American mythic heritage. From across the continent comes tales of creation and love; heroes and war; animals, tricksters, and the end of the world. In addition to mining the best folkloric sources of the nineteenth century, the editors have also included a broad selection of contemporary Native American voices. With black-and-white illustrations throughout Selected and edited by Richard Erdoes and Alfonso Ortiz Part of the Pantheon Fairy Tale and Folklore Library

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite

that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

"This is an important book for anyone interested in the ethical interrelationships of things, places, and people, and it is a book that is not just read but taken in."
—Library Journal Featuring a new introduction by Robert Hass, the nine captivatingly meditative essays in *The Practice of the Wild* display the deep understanding and wide erudition of Gary Snyder in the ways of Buddhist belief, wildness, wildlife, and the world. These essays, first published in 1990, stand as the mature centerpiece of Snyder's work and thought, and this profound collection is widely accepted as one of the central texts on wilderness and the interaction of nature and culture.

Sixteen pieces show Allen's unique perspective on Socrates, restaurant reviews, the UFO menace, love and passion, and other topics and issues of undying interest.

Getting your business, idea, or product funded is a rigorous endeavor that requires a good deal of planning, research, and collaboration. Read this book if you are grant writing OR identify with one or more of the following: interested in learning more about securing grants to support your business (nonprofit or for-profit), or interested in hiring a grant professional, or leading a nonprofit or for-profit business, or interested in achieving individual and/or organizational goals with grants.

This study of black images in American motion pictures, is re-issued for its 30th anniversary in its 4th edition. It includes the entire 20th century through black images in film, from the silent era to the unequalled rise of the new African American cinema and stars of today. From *The Birth of a Nation*, *Gone with the Wind*, and *Carmen Jones* to *Shaft*, *Do the Right Thing*, *Waiting to Exhale*, *The Hurricane*, and *Bamboozled*, Donald Bogle reveals the way the image of blacks in American cinema has changed - and also the shocking way in which it has often remained the same.

The definitive step-by-step resource for qualitative and ethnographic research *Qualitative Research Methods: Collecting Evidence, Crafting Analysis, Communicating Impact* is a comprehensive guide on both the theoretical foundations and practical application of qualitative methodology. Adopting a phronetic-iterative approach, this foundational book leads readers through the chronological progression of a qualitative research project, from designing a study and collecting and analyzing data to developing theories and effectively

communicating the results—allowing readers to employ qualitative methods in their projects as they follow each chapter. Coverage of topics such as qualitative theories, ethics, sampling, interview techniques, qualitative quality, and advice on practical fieldwork provides clear and concise guidance on how to design and conduct sound research projects. Easy-to-follow instructions on iterative qualitative data analysis explain how to organize, code, interpret, make claims, and build theory. Throughout, the author offers her own backstage stories about fieldwork, analysis, drafting, writing, and publishing, revealing the emotional and humorous aspects of practicing qualitative methods. Now in its second edition, this thorough and informative text includes new and expanded sections on topics including post-qualitative research, phenomenology, textual analysis and cultural studies, gaining access to elite and difficult to access populations, on persuasive writing, novel interviewing approaches, and more. Numerous examples, case studies, activities, and discussion questions have been updated to reflect current research and ensure contemporary relevance. Written in an engaging and accessible narrative style by an acclaimed scholar and researcher in the field Offers new and updated examples of coding and qualitative analysis, full-color photos and illustrations, and a companion instructor website Synthesizes the most up-to-date multidisciplinary literature on qualitative research methods including seven main approaches to qualitative inquiry: grounded theory, case study, ethnography, phenomenology, narrative and autoethnography, participatory action research, and arts-based research Presents innovative qualitative data collection methods and modern representation strategies, such as virtual ethnography, photo-voice, and mobile interviewing Qualitative Research Methods: Collecting Evidence, Crafting Analysis, Communicating Impact is an ideal resource for undergraduate and graduate students, instructors, and faculty across multiple disciplines including the social sciences, healthcare, education, management, and the humanities, and for practitioners seeking expert guidance on practical qualitative methods.

As a botanist, Robin Wall Kimmerer has been trained to ask questions of nature with the tools of science. As a member of the Citizen Potawatomi Nation, she embraces the notion that plants and animals are our oldest teachers. In *Braiding Sweetgrass*, Kimmerer brings these two lenses of knowledge together to take us on “a journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise” (Elizabeth Gilbert). Drawing on her life as an indigenous scientist, and as a woman, Kimmerer shows how other living beings—asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass—offer us gifts and lessons, even if we've forgotten how to hear their voices. In reflections that range from the creation of Turtle Island to the forces that threaten its flourishing today, she circles toward a central argument: that the awakening of ecological consciousness requires the acknowledgment and celebration of our reciprocal relationship with the rest of the living world. For only when we can hear the languages of other beings will we be capable of understanding the generosity of the earth, and learn to give our own gifts in return.

This book traces how popular culture products and media portrayals of women and girls impact their development through various ages and pre-scripted 'stages' of life: as a young girl, an adolescent, a dating woman, a bride, a wife, a pregnant woman, a mother, a middle-aged woman, and a maturing woman.
