*This tale of office drones and disposable clones is a splatterpunk odyssey, a cautionary tale of corporate omnipotence, and a possible blueprint of the future of the nuclear family. *-Back cover.

The best-selling author of *The Book of Secrets* explores the mysteries of life after death, interweaving scientific research and the wisdom of ancient Vedanta sages to describe what happens to us when we die and to build a case for an afterlife. 200,000 first printing.

Sam and Dean Winchester know all the secrets their father recorded in his journal. Now you can, too. On November 2, 1983, Sam and Dean Winchester lost their mother to a demonic supernatural force. In the wake of the tragedy, their father, John, set out to learn everything he could about the paranormal evil that lives in the dark corners and on the back roads of America . . . and how to kill it. In his personal journal, he not only compiled folklore, legend, and superstition about all manner of otherworldly enemies but he also recorded his experiences—hunting the creature that killed his wife even as he raised his two sons. Part prequel, part resource guide, John Winchester’s journal finally gives fans the ultimate companion book for *Supernatural*. It’s all here: the exorcism Sam and Dean used in “Phantom Traveler,” John’s notes on everything from shape-shifters to Samuel Colt, Dean’s first hunt, Sam’s pee-wee soccer team . . . and John’s single-minded pursuit of a growing and deadly evil.

For readers of Helen Macdonald and Elizabeth Alexander, an intimate and haunting portrait of grief and the search for meaning from a singular new talent as told through the prism of three generations of her Chinese American family. Kat Chow has always been unusually fixated on death. She worried constantly about her parents dying—especially her mother. A vivacious and mischievous woman, Kat’s mother made a morbid joke that would haunt her for years to come: when she died, she’d like to be stuffed and displayed in Kat’s future apartment in order to always watch over her. After her mother dies unexpectedly from cancer, Kat, her sisters, and their father are plunged into a debilitating, lonely grief. With a distinct voice that is wry and heartfelt, Kat weaves together a story of the fallout of grief that follows her extended family as they emigrate from China and Hong Kong to Cuba and America. *Seeing Ghosts* asks what it means to reclaim and tell your family ’s story: Is writing an exorcism or is it its own form of preservation? The result is an extraordinary new contribution to the literature of the American family, and a provocative and transformative meditation on who we become facing loss.

Do you ever feel like life, work or family is overwhelming? Romance doesn't always go as planned. Do your friends think you quirky? Superstitious? Are you a people pleaser? If you answered "Yes!" to any of these questions then *My Life as a Doormat* is the book for you. *My Life as a Doormat* follows the adventures of Rose Gardner. It's 1980. Naive and fresh out of college Rose moves to Manhattan against her parents' wishes to pursue an acting career. Anxiety-ridden and insecure, Rose fights to maintain her sanity, while establishing herself as an actress and coping with bad relationships, unpredictable roommates, bad decisions, bad jobs, and bad friends. Follow *Rose Gardner* (created by author Ivy Tobin) as she continues standing up and speaking out on her Facebook page - *The Society for Recovering Doormats*. And on her blog site www.thesocietyforrecoveringdoormats.com!

It's Berkeley 1967 and the Vietnam War is waging. Freshman Janet McGill watches as her brother leaves for Vietnam and knows her boyfriend will be next. When her parents see her photo at an antiwar demonstration, they immediately send her to Paris for a semester abroad. That's when Janet runs headlong into the 1968 May Revolution and disappears.

A groundbreaking introduction to the contemporary art of central and Eastern Europe, this wide-ranging study explores painting, sculpture, photography, performance, and conceptual work. In this pathbreaking new history, Maja and Reuben Fowkes introduce outstanding artworks and major figures from across central and Eastern Europe to reveal the movements, theories, and styles that have shaped artistic practice since 1950. They emphasize the particularly rich and varied art scenes of Poland, Czechoslovakia, Hungary, and Yugoslavia, extending their gaze at intervals to East Germany, Romania, the Baltic states, and the rest of the Balkans. This generously illustrated overview explores the richness of this region ’s artists ’ singular contribution to recent art history. Tracing art-historical changes from 1950 to now, the authors examine the repercussions of political events on artistic life—notably the uprisings in Hungary and Czechoslovakia, the Solidarity movement in Poland, and the collapse of the communist bloc. But their primary interest is in the experimental art of the neo-avant-garde that resisted official agendas and engaged with global currents such as performance art, video, multimedia, and net art. *Central and Eastern European Art Since 1950* is a comprehensive, transnational survey of the major movements of art from this region.

An eye-opening introduction to the timelessly relevant ideas of Noam Chomsky, this book is a penetrating, illusion-shattering look at how things really work from the man *The New York Times* called “ arguably the most important intellectual alive. ” Offering something not found anywhere else: How the *World Works* is pure Chomsky, but tailored for those unfamiliar to his work. Made up of meticulously edited speeches and interviews, every dazzling idea and penetrating insight is kept intact and delivered in clear, accessible, reader-friendly prose. Originally published as four short books in the famous *Real Story* series—*What Uncle Sam Really Wants*, *The Prosperous Few and the Restless Many*; *Secrets, Lies and Democracy*; and *The Common Good*—they ’ ve collectively sold almost 600,000 copies. And they continue to sell year after year after year because Chomsky ’ s ideas become, if anything, more relevant as time goes by. For example, it was decades ago when he pointed out that “ in 1970, about 90% of international capital was used for trade and long-term investment—more or less productive things—and 10% for speculation. By 1990, those figures had reversed. ” As we know, high-risk speculation continues to increase exponentially as corporations continue to push the free market economy—but only for the power they offer to the wealthy, not to benefit all people. We ’ re paying the price now for not hedging him them.
