Pregnancy Childbirth

You can get pregnant from 3 weeks (21 days) after giving birth. This can happen before you have a period, even if you're breastfeeding. You need to start using contraception from 21 days after the birth every time you have sex if you don't want to get pregnant again.

THE Postpartum And Newborn

Care A Guide

Women are dying in pregnancy, childbirth and postpartum at alarming numbers and black women are over 3 times more likely to die than white women. Mari talks with Sam Griffin of DC Metro Maternity to not only educate listeners on the topic but find ways to combat the alarming numbers.
