Public international law is the body of law concerned with the interaction of sovereign states, as well as entities such as multinational corporations and non-governmental bodies. Simply put, public international law governs the way states interact with one another, while national law governs how citizens behave within states and private international law governs the ways in which citizens from different states interact.

What Is Public International Law? (with pictures)

International law, also called public international law or law of nations, the body of legal rules, norms, and standards that apply between sovereign states and other entities that are legally recognized as international actors. The term was coined by the English philosopher Jeremy Bentham (1748–1832). H.W. Pickersgill: Jeremy Bentham
