The premier review

Where To Download

Journal in biology,
The Quarterly Review
of Biology has
presented insightful
historical,
philosophical, and
technical treatments
of important
biological topics since
1926. The QRB
publishes outstanding
review articles of
generous length that
are guided by an

Where To Download

expansive, inclusive,
and often humanistic
understanding of
biology.

The Quarterly Review of Biology | List of Issues

A review paper is a
different beast
altogether. Where
research reports do
include the expert
literature, a Review

Where To Download

paper looks at solely published reports to explain what is happening in an area of research as a whole. Review Articles make a different sort of contribution to science (McMillan, 2001, 3, emphasis added):
