Smithsonian wildlife artist whose field books on birds, beginning with *A Field Guide to the Birds* (1934; 4th ed. 1980), did much in the United States and Europe to stimulate public interest in bird study.

Roger Tory Peterson | American ornithologist | Britannica

Born and raised in Jamestown, New York, Roger Tory Peterson became the premier artist-naturalist of his time. He is best known for his pioneering field guides. The first – *A Field Guide to the Birds*, published in 1934 – sparked a worldwide movement to connect people with nature as never before. Peterson authored and illustrated dozens of guides – for birds, plants, insects and other natural flora and fauna – selling millions of copies and becoming an international ambassador for ...
