★★★★½ Saving Grace is a women's fiction novel written by Jane Green. The main character, Grace is a woman who has lost who she once was. Don't we all move in different directions and kind of become different people as we grow though? But growing and losing ourselves are two very different things. Grace's life was very interesting to me.

Saving Grace is in the same league as all her stories are and I recommend it highly. Johanna is unlike many of Garwood's heroines in that she was married before and was abused by her husband and also by her priest.
