"WHEN I GROW UP" part one! The sons of Batman and Superman have graduated to their own monthly comic-but if they want to survive, they're going to have to share it! Writer Peter J. Tomasi (BATMAN & ROBIN, SUPERMAN) teams with rising-star artist Jorge Jimenez (EARTH 2) to bring you the adventures of the World's Smallest. This debut issue looks at the lives of Robin and Superboy and their destiny to follow in their fathers' footsteps, while we meet a new villain whose ascension parallels the boys' own understanding of their powers-except that he believes it's his right to rule over every being on the planet!

"Drawing on wide-ranging literature from a variety of relevant disciplines, as well as their own extensive experience in teaching spoken English, the authors give a fascinating, comprehensive, and insightful account of the nature of second language speaking skills. The research and theory they survey then serves as the basis for the principles, strategies, and procedures they propose for the teaching of spoken English. This book will, therefore, provide an invaluable resource for teachers, teachers in training, and researchers, providing both a state-of-the-art survey of the field as well as a source of practical ideas for those involved in planning, teaching, and evaluating courses and materials for the teaching of spoken English"--

In a contemporary setting of increasing social division and marginalisation, Policing Hate Crime interrogates the complexities of prejudice motivated crime and effective policing practices. Hate crime has become a barometer for contemporary police relations with vulnerable and marginalised communities. But how do police effectively lead conversations with such communities about problems arising from prejudice? Contemporary police are expected to be active agents in the pursuit of social justice and human rights by stamping out prejudice and group-based animosity. At the same time, police have been criticised in over-policing targeted communities as potential perpetrators, as well as under-policing these same communities as victims of crime. Despite this history, the demand for impartial law enforcement requires police to change their engagement with targeted communities and kindle trust as priorities in strengthening their response to hate crime. Drawing upon a research partnership between police and academics, this book entwines current law enforcement responses with key debates on the meaning of hate crime to explore the potential for misunderstandings of hate crime between police and communities, and illuminates ways to overcome communication difficulties. This book will be important reading for students taking courses in hate crime, as well as victimology, policing, and crime and community.

This is the first complete biography of Maxim Litvinov, a Bolshevik revolutionary who began his professional life running guns into Tsarist Russia and eventually became the leading Soviet diplomat in the turbulent 1930s. His was a spectacular career, spanning some of the most dramatic decades of the twentieth century and including an unsuccessful effort to contain Hitler with the cooperation of the Western Allies. Litvinov's subsequent replacement as Soviet foreign minister by Molotov in 1939 signaled the dramatic shift in Soviet foreign policy that led directly to the outbreak of World War II. After the war, Litvinov's final public act was to bluntly warn the West of the danger presented by Stalin's cold war policies-a threat Litvinov even dared to compare with that posed by Hitler a decade earlier. Litvinov's career ended in the relative obscurity from which it had sprung, his consistently pro-Western policies no longer consonant with the reemerging Soviet hostility toward the West. Passing away from remarkably natural causes in 1951, Litvinov left behind a political legacy that lay dormant for forty years until its recent revival by Mikhail Gorbachev. Between the Revolution and the West is based on extensive research in the Soviet Union and the West, including previously unavailable archives and interviews with Litvinov's friends and family. Hugh Phillips' work casts light not only on Litvinov the man but also on Soviet foreign policy during crucial and dramatic times.

'Scarface' is a powerful, stylised commentary on violence, materialism, excess, corruption and crime in America. Set during the drug-driven decadence of Miami in the 1980's, it is a rags to riches story about the rise and fall of an illegal immigrant from dishwasher to narcotics kingpin who is undone by greed and delusions of grandeur triggered by cocaine psychosis. It is both thrilling entertainment and a wicked, nightmarish parody of the American dream. 'Scarface: The Ultimate Guide' places the movie in its historical context and examines its origins, development, production, release, critical reception and current status in the culture. The highlight of the book is a detailed analysis of the movie from first frame to FADE OUT. "Chi-Chi. Chi-Chi. Get the yayo.."
