Technet
contains tools

Microsoft
to help you

assess the
compliance of
users and client
devices for many
configurations,
such as whether
the correct

Windows
operating system

Download Free Sccm 2012

versions are
installed and
configured
appropriately,
whether all
required
applications are
installed and
conf igured
correctly,
whether optional
applications are
configured
appropriately,

Download Free Sccm 2012

and whether
prohibited
applications are
installed.

Compliance ...

Enabling

Compliance

Settings. The first step is to actually enable Compliance Settings. This is done in the "Client Settings" node of the

Download Free Sccm 2012

“Administration”

tab of the
console. Open
the client

settings that

you want to

edit, and in the

“General” node

check the

“Compliance

Settings” check-

box. This

enables the

client setting

Download Free Sccm 2012

and allows you
to configure it.
Now select
“Compliance
Settings” in the
left pane.
