Scholarly Research Paper – A Research Guide

The following explains each part of the scholarly paper in the traditional order. Prerequisites First you need to design and conduct research on an important question about planning theory or practice. Then you need to write your research report for your client or granting agency, clearly setting forth your analysis and findings.

THE SCHOLARLY PAPER

Good scholarly papers address a certain research question, which is the central organizing principle of the work. Anything that is related to the research question has to be included in the paper. Usually one scholarly paper should discuss only one research question. If you are allowed to study a few research questions, write several papers.

Useful advice on how to write a scholarly paper

The Scholarly Paper will demonstrate the student's ability to synthesize technical information in a coherent form.
