THE SUNDAY TIMES BESTSELLER With a foreword by Diana Gabaldon. Two men. One country. And a lot of whisky. As stars of Outlander, Sam and Graham eat, sleep and breathe the Highlands on this epic road trip around their homeland. They discover that the real thing is even greater than fiction. Clanlands is the story of their journey. Armed with their trusty campervan and a sturdy friendship, these two Scotsmen are on the adventure of a lifetime to explore the majesty of Scotland. A wild ride by boat, kayak, bicycle and motorbike, they travel from coast to loch and peak to valley and delve into Scotland's history and culture, from timeless poetry to bloody warfare. With near-death experiences, many weeks in a confined space together, and a cast of unforgettable characters, Graham and Sam's friendship matures like a fine Scotch. They reflect on their acting careers in film and theatre, find a new awestruck respect for their native country and, as with any good road trip, they even find themselves. Hold onto your kilts... this is Scotland as you've never seen it before.

The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the history of the Sumerian civilization and describes their cities, religion, literature, education, scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. "There are few scholars in the world qualified to write such a book, and certainly Kramer is one of them. . . . One of the most valuable features of this book is the quantity of texts and fragments which are published for the first time in a form available to the general reader. For the layman the book provides a readable and up-to-date introduction to a most fascinating culture. For the specialist it presents a synthesis with which he may not agree but from which he will nonetheless derive

NEW YORK TIMES BESTSELLER • The “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn’t shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they’d hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in

alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. **BONUS:** This edition contains a new afterword and a *The Other Wes Moore* discussion guide.

A Discussion paper from the BJS-Princeton Project.

"Saturday Night Live head writer and Weekend Update co-anchor, Colin Jost, has six sets of stitches on his face alone. He's been punched in at least four different sketches on Saturday Night Live, including once by his boss, Lorne Michaels. But if there's one trait that makes someone well suited to comedy, it's being able to take a punch-metaphorically and, occasionally, physically. From growing up as an overweight kid in a family of firefighters on Staten Island to commuting three hours a day to high school and "seeing the sights" (like watching a Russian woman throw a stroller off the back of a ferry) to attending Harvard while Facebook was created (and choosing comedy instead!), Colin shares how he has navigated the world like a "slightly smarter Forrest Gump." You'll also discover things about Colin that will surprise and confuse you. You'll go behind the scenes at SNL (where he's written some of the most iconic sketches and characters of the past fifteen years) and Weekend Update (where he's been "the white guy next to Leslie Jones.") And you'll experience the life of a touring stand-up comedian-from performing in rural cafeterias at noon to opening for Dave Chappelle at Radio City Music Hall. For every accomplishment (hosting the Emmys), there is a setback (hosting the Emmys). And for every absurd moment (watching paramedics give CPR to a raccoon), there is an honest, emotional one (recounting his mother's experience on the scene of the Twin Towers' collapse on 9/11.) *A Very Punchable Face* reveals the brilliant mind behind some of the dumbest sketches on television and lays bare the heart and humor of a hardworking guy-with a face

you can't help but want to punch"--

In this comprehensive response to the education crisis, the author of *Teaching as a Subversive Activity* returns to the subject that established his reputation as one of our most insightful social critics. Postman presents useful models with which schools can restore a sense of purpose, tolerance, and a respect for learning.
