"Hermann Hesse's book SIDDHARTHA  
is immensely beautiful. It repeats the story

of Buddha in a different way, but in the  
same dimension, with the same meaning.

It is unbelievable that Hermann Hesse  
could write it but could not become a

siddha himself. He remained a poor writer

– yes, a Nobel prize winner, but that does  
not matter that much.

As Hermann Hesse ' s novel unfolds, we follow Siddhartha in his search for meaning and truth in a world of sorrow and suffering. Drawing on both Hindu and Buddhist teachings, Siddhartha expertly explores the tension between the doctrinal dictates of organized religion and the inner promptings of the soul. As Siddhartha grows older, a fundamental truth gradually becomes apparent both to him and to us: there is no single path to self-growth, no one formula for how to live life.
