Digital Signal Processing Engineer at The Aerospace Corporation was asked... May 17, 2018. One section of the interview process was to do one-on-one interviews with 5 of the people there for the presentation. Each interview was 15-20 minutes, and consisted of: a few further questions about your experience and/or past projects; 1-3 technical questions, all dealing with communications systems theory (statistics and processes dealing with analog and digital signal transmission/reception).
