Social Media platforms have given musicians more control over the distribution of their music and through the use of services such as Bandcamp, many artists now have the option to bypass the industry conventions completely.~~

~~How Social Media has affected the Music Industry ...~~

And more than ever, social media is dictating what kind of music sees the benefits of those ends. “The music that is valued under Spotify — most useful to Spotify, with the music itself being a secondary consideration — is the music that best fits on playlists, which incentivises people to make music in that direction,” Dryhurst says. “The music that is best valued on Twitter is that which can be accompanied by populist statements, which incentivises people to make those statements.

Musicians and bands face an incredibly difficult conundrum on social media, as listening to new music requires the listener to be in a certain mood and in a place where they can listen to music without being disturbed, and these aren't always the same conditions when you're surfing social media. Especially as most platforms such as Facebook, Twitter and Instagram have audio muted by default, so not only do you need people to pause and listen to your track, but you need them to unmute the ...

~~5 Steps to Successfully Promote Your Music Using Social Media~~

The beauty of social media for musicians is that you have tons of creative freedom beyond these three points. Let's take a moment to look at what an optimized musician profile

looks like in the wild. Using a stylized band photo, Weezer's Twitter bio highlights their latest album, singles, fan store and tour dates. That's a lot of information to pack into such a small space, but you can make it happen by being economical with your copy and choosy with your links.
